Course Pilot Test and Review and Program

Winter, 2012

About Pilot Testing

The purpose of pilot testing is to determine the average amount of time it takes to complete a course and, as a result, the number of credit hours that will be assigned to the course. The pilot tester keeps track of the completion time by using a Pilot Test Time Sheet. It is important that each part of the course be completed and timed:

- Reading of the text;
- If applicable, reading of the review questions, answers and explanations;
- Completing the final exam.

Pilot testers receive full credit (CFP[®] and or CPA as applicable) for the course that they are testing. Most courses are available in print or PDF. See the attached list of courses on the following page.

If you would like to participate in the pilot test program, please provide us with the following:

- The course(s) you would like to pilot test;
- The approximate date you can complete the course(s) by;
- For those courses available in PDF, whether you prefer the PDF or the print version of the course.
- If you will be receiving a printed course, your shipping address.

If you have any questions, please call us at 800-588-7039 or contact@bhfe.com
